It is the intent of American River Brokerage Services to meet the full compliance requirements for ISF filing inclusive of timeliness, accuracy and completeness of information. We are not responsible for importer violations resulting from information received from any parties that represent inaccurate, untimely or incomplete information inconsistent with the Importer Security Filing regulations and hold ourselves harmless of any such instances. Any ISF letters of instructions not received within 72 hours from the date of intended loading will be at risk for a potential ISF penalty as the process of accurate filing, as an ISF agent, includes a processing time period of due diligence.
